A vast amount of repudiating is going on in this country just now. It is being done by honest Democrats who are repudiating Cleveland and free trade.

EASTERN and Western papers are filled with accounts of prominent Democrats leaving the Democratic in Chicago party and joining the Republican party on account of the free trade policy of the former.

THE scheme to establish a great national zoological garden in Washington is quite likely to succeed. It deserves success, if only to prevent the loss of the rare creatures who are just now trying to convince the people that the way for a country to grow rich is to do nothing, and have all its manufacturing and other lines of work done abroad.

THE Meigs County (Ohio) Herald, heretofore Democratic, heads its editorial column with the Republican ticket in full, and says: The Herald is not a free trade paper, and is not to be whipped into the support of measures which, if adopted, would ruin every industry in Southeastern of Nevada and Riddleberger of Vir-Ohio and Western Virginia, as well ginia voted with the Democrats. as those of many other large sections of our country, and in the end prove detrimental to every citizen of the United States.

It now remains for the Republican majority in the Senate to lay it on the shelf.

One of the most noteworthy features of the reunion of the noble men who won the battle of Gettysburg is that they should have so enthusiastically greeted Gen. By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be
